

## News from the Kuzmans

September 24, 2021

Dear EBC Family,

Happy Autumn. This is our favorite time of year. The air is crisp and the leaves are turning. We mostly love it because students are back in school and we have so many opportunities to love and serve.

Doors are opening everywhere we turn. From kayaking with the women's lacrosse team at Saint Joseph's College to teaching at the University of Massachusetts, students are hearing about and experiencing the grace of God.

After each event, we ask students to fill out a brief survey. We get to hear from them about their time with us and it enables us to follow up with them if they ask to talk further. Here are a couple of responses to the question "What is one thing you learned today?:"

"Reaching the end of our limits can bring strange stuff out of our hearts."

"That I'm not alone in my questions about God and Christianity."

"That a key element of emotional maturity is being secure enough in your worth and satisfaction in God that you are free to look to the needs and interests of others before your own. We all need encouragement, but the most stable people are those with a confident dependence on God."

Please be praying for our upcoming events:

October 1-3: Bob is speaking at the UMaine Fall Retreat.

October 11-16: Travelling to Asheville, NC to help launch a new ministry team.

October 26: School Supply outreach on three campuses in Portland.

Your generosity enables us to reach out with the love and forgiveness that Jesus offers.

We love and appreciate you!
