

## JULY 2022

For this month's newsletter, and in deep appreciation of this being Independence Day in the US and all that entails, I thought I would simply share my recent Facebook post that sums up our attitude concerning what it is that we do.

*"Another story in the news today about people dying trying to better their lives by coming to the US. Political arguments aside, and no matter what your political views, I believe that one way to help is for you and I to go, share the good news of Jesus, and at the same time, do what we can to make life better "over there". Build churches, homes, schools, relationships, and hospitals. Provide Bibles, medicine, clothes, food, training if needed, and resources. Let's break down the walls of prejudice (on both sides of the equation) and build up friendships, physical and spiritual health, and human dignity."*

Please consider how God may be calling you to join Him in serving with us: Join our financial support team if you're not already, join a short-term mission trip team., work with your church to put a team together, pray for us and our upcoming trip to Honduras. We be helping to build a church building, as well distributing much needed food, clothing, and school supplies

We have multiple opportunities for teams to serve throughout Central America, Cambodia, and beyond in the upcoming months and years. Please contact us if you have any questions and/or interest. We will be reserving blocks of time in July and August 2023 and will be available at other times if that will work better for your team.
